Our Reputation

For selling high grade reliable goods is fully established. No one questions that we give full value for money received, but there is a class of very desirable customers, who have the notion that we carry only high priced goods, this is a mistake you may easily prove. No one gives closer attention to having the low priced goods right than we do, knowing that the man who pays \$7.50, \$10.00 or \$12.00 for a suit is the one who can least afford to take chances on what he gets for his money. Try us on a low priced suit for man, boy, or child. We will not disappoint you. Our working clothes are the very best to be had.
